Re: Reference Letter for Donny Smith – *Donny's Painting*

Donny's Painting has been contracted to perform commercial work at The Athletic Club in Guelph and Brantford for the past 3 years. The scope of his work has included everything from drywall and drywall repairs to painting and finishing (drywall, concrete, steel, wood). Over the years, he and his crew have proven to be professional, competent, reliable, punctual and efficient.

Over the last year, Donny's Painting has also completed jobs at my home, including finishing my basement and refinishing all exterior wood trim features around the house. All the work was completed with the same level of proficiency I've learned to expect from Donny's Painting.

I would recommend Donny's Painting to any commercial operator or homeowner.

Michael Nolan
